

K-Love should NOT be displaced by an LPFM broadcaster because there is no way to ensure that the replacement would provide the much needed encouragement that K-Love offers. Whether you acknowledge God or not, K-Love has helped thousands of people turn their life over to God, making them at least better citizens. We could always use some more of those in this country. It is basically pretty disgusting that we Christians have to keep our mouths shut about everything, but Atheists have free reign to say and do whatever they please! Why is it that those who have that belief system are totally allowed to impose their beliefs on society and it is perfectly okay? K-Love is an innocent radio station that is trying to do the will of the Almighty God and its rights should not be taken away!
